Subject No. 69.
Bagayet lands under kapale wells.

Summary of discussion.—It has been ordered already that such of the Bagayet lands under kapalé wells in the Hiriyur, Challakere, Molakalmuru and Jagalur Taluks as do not get sufficient water for cultivation, may be phoded with a view to portions thereof being resigned if necessary. This concession would no doubt be a great boon to the raiyats concerned if persons taking up the relinquished area are not allowed to claim water from such wells.

Reply of Government.—Re-classification and re-adjustment of assessment would be necesssary before excluding claim to water. Such is not feasible in every case of mere sub-division.
